SENATE CONSTITUTIONAL AMENDMENT No. 1.

A resolution to propose to the people of the State of California an amendment to the Constitution of the State of California, providing for the separation of State and local taxation, providing for the taxation of public service and other corporations for the benefit of the State, and to that end adding to article thirteen a new section, to be numbered section fourteen, amending section ten of article thirteen, and repealing section ten of article eleven thereof, all relating to revenue and taxation.

WHEREAS, It is deemed desirable to separate the sources of revenue for State purposes from the sources of revenue for county and municipal purposes: now, therefore, The Legislature of the State of California, at its regular session commencing on the fourth day of January, nineteen hundred and nine, two thirds of all the members

elected to each of the two houses of said Legislature voting in favor thereof, hereby proposes to the qualified electors of the State of California the following amendment to the Constitution of the State of California:

First: There is hereby added to article, thirteen a new section to be numbered fourteen, and to read as follows:

Section 14. Taxes levied, assessed and collected as hereinafter provided upon railroads, including street railways, whether operated in one or more counties: sleeping car, dining car, drawing room car and palace car companies, refrigerator, oil, stock, fruit, and other car loaning, and other car companies operating upon railroads in this State: companies doing express business on any railroad, steamboat, vessel or stage line in this State: telegraph companies, telephone companies, companies engaged in the transmission or sale of gas or electricity: insurance companies, banks, banking associations, savings and loan societies, and trust companies: and taxes upon all franchises of every kind and nature, shall be entirely and exclusively for State purposes, and shall be levied, assessed and collected in the manner hereinafter provided. The word "companies" as used in this section shall include persons, partnerships, joint-stock associations, companies, and corporations.

(a) All railroad companies, including street railways, whether operated in one or more counties: all sleeping car, dining car, drawing-room car, and palace car companies, all refrigerator, oil, stock, fruit and other car-loaning, and other car companies, operating upon the railroads in this State: all companies doing express business on any railroad, steamboat, vessel or stage line in this State: all telegraph and telephone companies: and all companies engaged in the transmission or sale of gas or electricity shall annually pay to the State a tax upon their franchises, roadways, roadbeds, rails, rolling stock, poles, wires, pipes, canals, conduits, rights of way, and other property, or any part thereof, used exclusively in the operation of their business in this State, computed as follows: Said tax shall be equal to the percentages hereinafter fixed upon the gross receipts from operation of such companies and each, thereof within this State. When such companies are operating partly within and partly without this State, the gross receipts within this State shall be deemed to be all receipts on business beginning and ending within this State, and a proportion, based upon the proportion of the mileage within this State to the entire mileage over which such business is done, of receipts on all business passing through, into, or out of this State.

The percentages above mentioned shall be as follows: On all railroad companies, including street railways, four per cent: on all sleeping car, dining car, drawing-room car, palace car companies, refrigerator, oil, stock, fruit and other car-loaning and other car companies, three per cent: on all companies doing express business on any railroad, steamboat, vessel or stage line, two per cent: on all telegraph and telephone companies, three and one half per cent: on all companies engaged in the transmission or sale of gas or electricity, four per cent. Such taxes shall be in lieu of all other taxes and licenses, State, county and municipal, upon the property above enumerated of such companies except as otherwise in this section provided: *provided*, that nothing herein shall be construed to release any such company from the payment of any amount agreed to be paid or required by law to be paid for any special privilege or franchise granted by the municipal authorities of this State.

(b) Every insurance company or association doing business in this State shall annually pay to the State a tax of one and one half per cent upon the amount of gross premiums received upon its business done in this State, less return premiums and reinsurance in companies or associations authorized to do business in this State: *provided*, that there shall be deducted from said one and one half per cent upon the gross premiums the amount of any county and municipal taxes paid by such companies on real estate and except as otherwise in this section provided: *provided*, that when by the laws of any other State or country, any taxes, fines, penalties, licenses, fees, deposits of money, or securities, or other obligations or prohibitions, are imposed on insurance companies of this State, doing business in such State or country, or upon their agents therein, in excess of such taxes, fines, penalties, licenses, fees, deposits of securities, or other obligations or prohibitions, imposed upon insurance companies in such other State or country, so long as such laws continue in force, the same obligations and prohibitions of whatsoever kind may be imposed by the Legislature upon insurance companies of such other State or country doing business in this State.

(c) The shares of capital stock of all banks, organized under the laws of this State, or of the United States, or of any other state and located in this State, shall be assessed and taxed to the owners or holders thereof by the State Board of Equalization in the manner to be prescribed by law, in the city or town where the bank is located and not elsewhere. There shall be levied and assessed upon such shares of capital stock an annual tax, payable to the State, of one per centum upon the value thereof. The value of each share of stock in each bank, except such as are in liquidation, shall be taken to be the amount paid in thereon, together with its pro rata of the accumulated surplus and undivided profits. The value of each share of stock in each bank which is in liquidation shall be taken to be its pro rata of the actual assets of such bank. This tax shall be in lieu of all other taxes and licenses, State, county and municipal, upon such shares of stock and upon the property of such banks, except county and municipal taxes on real estate and except as otherwise in this section provided. In determining the value of the capital stock of any bank there shall

be deducted from the value, as defined above, the value, as assessed for county taxes, of any real estate other than mortgage interests therein, owned by such bank and taxed for county purposes. The banks shall be liable to the State for this tax and the same shall be paid to the State by them on behalf of the stockholders in the manner and at the time prescribed by law, and they shall have a lien upon the shares of stock and upon any dividends declared thereon to secure the amount so paid.

The moneyed capital, reserve, surplus, undivided profits, and all other property belonging to unincorporated banks or bankers of this State, or held by any bank located in this State which has no shares of capital stock, or employed in this State by any branches, agencies, or other representatives of any banks doing business outside of the State of California, shall be likewise assessed and taxed to such banks or bankers by the said Board of Equalization, in the manner to be provided by law, and taxed at the same rate that is levied upon the shares of capital stock of incorporated banks, as provided in the first paragraph of this subdivision. The value of said property shall be determined by taking the entire property invested in such business together with all the reserve, surplus, and undivided profits, at their full cash value, and deducting therefrom the value as assessed for county taxes of any real estate other than mortgage interests therein, owned by such bank and taxed for county purposes. Such taxes shall be in lieu of all other taxes and licenses, State, county, and municipal, upon the property of the banks and bankers mentioned in this paragraph, except county and municipal taxes on real estate and except as otherwise in this section provided. It is the intention of this paragraph that all moneyed capital and property of the banks and bankers mentioned in this paragraph shall be assessed and taxed at the same rate as an incorporated bank, provided for in the first paragraph of this subdivision. In determining the value of the moneyed capital and property of the banks and bankers mentioned in this subdivision, the said State Board of Equalization shall include and assess to such banks all property and everything of value owned or held by them, which go to make up the value of the capital stock of such banks and bankers, if the same were incorporated and had shares of capital stock.

The word "banks" as used in this subdivision shall include banking associations, savings and loan societies, and trust companies, but shall not include building and loan associations.

(d) All franchises, other than those expressly provided for in this section, shall be assessed at their actual cash value, in the manner to be provided by law, and shall be taxed at the rate of one per centum each year, and the taxes collected thereon shall be exclusively for the benefit of the State.

(e) Out of the revenues from the taxes provided for in this section, together with all other State revenues, there shall be first set apart the moneys to be applied by the State to the support of the public school system and the State University. In the event that the above named revenues are at any time deemed insufficient to meet the annual expenditures of the State, including the above named expenditures for educational purposes, there may be levied, in the manner to be provided by law, an ad valorem tax, for State purposes, on all the property in the State, including the classes of property enumerated in this section, sufficient to meet deficiency. All property enumerated in this section shall be subject to taxation, in the manner provided by law, to pay the principal and interest of any bonded indebtedness created and outstanding by any city, city and county, county, town, township, or district, before the adoption of this section.

(f) All the provisions of this section shall be self-executing, and the Legislature shall pass all laws necessary to carry this section into effect, and shall provide for a valuation and assessment of the property enumerated in this section, and shall prescribe the duties of the State Board of Equalization and any other officers in connection with the administration thereof. The rates of taxation fixed in this section shall remain in force until changed by the Legislature, two thirds of all the members elected to each of the two houses voting in favor thereof.

The taxes herein provided for shall become a lien on the first Monday in March of each year after the adoption of this section, and shall become due and payable on the first Monday in July thereafter. The gross receipts and gross premiums herein mentioned shall be computed for the thirty-first day of December prior to the levy of such taxes and the value of any property mentioned herein shall be fixed as of the first Monday in March. Nothing herein contained shall affect any tax levied or assessed prior to the adoption of this section, and all laws in relation to such taxes in force at the time of the adoption of this section shall remain in force until changed by the Legislature. Until the year 1918 the State shall reimburse San Bernardino and Placer counties for the net loss in county revenue occasioned by the withdrawal of railroad property from county taxation.

(g) No injunction shall ever issue in any suit, action or proceeding in any court against this State or against any officer thereof to prevent or enjoin the collection of any tax levied under the provisions of this section until such tax has been actually paid; but after such payment action may be maintained to recover any tax illegally collected in such manner, and at such time as may now or hereafter be provided by law.

Second. Section ten of article thirteen of said Constitution is hereby amended to read as follows:

Section 10. All property, except as otherwise in this Constitution provided, shall

be assessed in the county, city, city and county, town or township, or district in which it is situated, in the manner prescribed by law.

Third. Section ten of article eleven of said Constitution is hereby repealed.

MESSAGES FROM THE GOVERNOR.

The following messages from the Governor were received:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,
SACRAMENTO, March 2, 1908.

To the Assembly of the State of California:

In compliance with the provisions of Section 6 of the San Francisco Depot Act, approved March 17, 1891, I have the honor to present herewith a certified copy of the report to me by the State Treasurer and an abstract of all his proceedings under said Act.

J. N. GILLETT, Governor.

REPORT OF PROCEEDINGS UNDER THE SAN FRANCISCO DEPOT ACT.

To His Excellency JAMES N. GILLETT, Governor of California.

In accordance with the provisions of Section 6, Chapter III, Statutes 1891, I herewith submit a report of the proceedings thereunder for the year beginning January 1, 1907, and ending December 31, 1907, and also a report for the year beginning January 1, 1908, and ending December 31, 1908.

As will be seen by said report for the year 1907, the sum of \$70,000.00 was received from the redemption of United States bonds which matured that year, and which money, together with other accumulations in the sinking fund, was invested in United States registered 4% bonds of 1895-1925.

By reference to the statement showing the condition of the San Francisco depot sinking fund, it will be shown that the present value of said fund is \$788,933.37, figuring the value of the U. S. registered 4% bonds, in which said fund is invested, at a value of 1.2014. This shows that the value of the fund is \$86,412.37 in excess of the transfers for the repayment of the principal, as provided in said Act, the present value of the fund being within less than \$12,000.00 of the full amount necessary to retire all of the bonds outstanding, amounting to \$600,000. It will be seen by this that at the time the depot bonds mature (January 1, 1912) there will be a considerable sum for repayment to the San Francisco harbor improvement fund.

Respectfully submitted.

(Signed)

W. R. WILLIAMS, State Treasurer.

Dated Sacramento, California, January 2, 1909.

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,
SACRAMENTO, March 2, 1909.

To the Assembly of the State of California:

In compliance with the provisions of Section 6 of the San Francisco Seawall Act, approved March 20, 1903, I have the honor to present to the Senate a certified copy of the report made to me by the State Controller and State Treasurer, and an abstract of all their proceedings under said Act.

J. N. GILLETT, Governor.

REPORT OF PROCEEDINGS UNDER THE SAN FRANCISCO SEAWALL ACT.

To His Excellency JAMES N. GILLET, Governor of California:

In accordance with the provisions of Section 6, Chapter 211, Statutes 1903, we herewith submit a report of the proceedings thereunder for the year beginning January 1, 1907, and ending December 31, 1907, and also a report for the year beginning January 1, 1908, and ending December 31, 1908.

Up to the first of January, 1907, \$250,000 of seawall bonds had been sold, and no further sales were made during the year 1907, but on July 2, 1908, \$500,000 of the bonds were sold to the State of Nebraska, at par, and in accordance with your proclamation, dated November 20, 1908, notice of sale of an additional \$500,000 on January 2, 1909, is now being published.

By reference to the statement showing the condition of the San Francisco seawall sinking fund, it will be seen that the present value of the fund, figuring the municipal bonds in which the accumulations have been invested on a basis to earn 4¼% interest, is \$53,568.28, being a profit of \$4,574.87 over and above the value of the transfers as provided in said Act. As the first investment for the benefit of this fund was made on October 25, 1907, the fund is in a very satisfactory condition.

Respectfully submitted.

(Signed:) A. B. NYE,
State Controller.

(Signed:) W. R. WILLIAMS,
State Treasurer.

Dated Sacramento, California, January 2, 1909.

COMMITTEE SUBSTITUTE FOR SENATE JOINT RESOLUTIONS NOS. 6, 7, 11, AND 17.

WHEREAS, The progress, happiness and prosperity of the people of a nation depend upon a homogeneous population;

WHEREAS, The people of the Eastern States, and the United States generally, have an erroneous impression as to the real sentiment of the people of the Pacific coast relative to the Asiatic question;

WHEREAS, We think it right and proper that the people of this country should be advised as to our true position on that question; therefore, be it

Resolved, by the Senate and Assembly jointly, That we respectfully urge the Congress of the United States to maintain intact the present Chinese exclusion laws, and instead of taking any action looking to the repeal of said exclusion laws, to extend the terms and provisions thereof so as to apply to and include all Asiatics;

Resolved, That our Senators be instructed, and Representatives in Congress requested, to use all honorable means to carry out the foregoing recommendation and requests;

Resolved, That the Governor of California be and he is directed to transmit a certified copy of these resolutions to the President and Speaker respectively of the Senate and House of Representatives of the United States, and to each of our Senators and Representatives in Congress.

SENATE CONSTITUTIONAL AMENDMENT NO. 51.

A resolution to propose to the people of the State of California an amendment to the Constitution of the State of California by amending section six of article four thereof, relating to senatorial and legislative districts.

The Legislature of the State of California, at its regular session, commencing on the 4th day of January, nineteen hundred and nine, two thirds of all the members elected to each of the two houses of said Legislature voting in favor thereof, hereby proposes to the qualified electors of the State of California the following amendment to the Constitution of the State of California, by amending section six of article four thereof to read as follows:

Section 6. For the purpose of choosing members of the Legislature, the State shall be divided into forty Senatorial districts as nearly equal in population as may be and composed of contiguous territory, and each thereof shall choose one Senator. Each county, or city and county, shall constitute an Assembly district, and the State shall be divided into as many additional Assembly districts as will make up the difference between the number of counties, or cities and counties, in existence at the time the apportionment is made, and the number of members of the Assembly: such districts to be as nearly equal in population as may be and composed of con-

tiguous territory. Each of such counties, and cities and counties, and each of such additional Assembly districts, shall choose one member of the Assembly. The Senatorial districts shall be numbered from one to forty, inclusive, in numerical order, and the Assembly districts shall be numbered one to eighty in the same order, commencing at the northern boundary of the State and ending at the southern boundary thereof. In the formation of such additional Assembly districts no county, or city and county, shall be divided unless it contains sufficient population within itself to form two or more districts; nor shall a part of any county, or of any city and county, be united with any other county, or city and county, in forming any such district. The census taken under the direction of the Congress of the United States, in the year one thousand nine hundred and ten, and every ten years thereafter, shall be the basis of fixing and adjusting the legislative districts; and the Legislature shall, at its first session after each census, adjust such districts and reapportion the representation so as to preserve them as nearly equal in population as may be. But in making such adjustment no persons who are not eligible to become citizens of the United States, under the naturalization laws, shall be counted as forming a part of the population of any district. Until such districting as herein provided for shall be made, Senators and Assemblymen shall be elected by the districts according to the apportionment now provided for by law.

2. Into eighty Assembly districts which shall be numbered from one to eighty, in numerical order, commencing for said Senatorial and Assembly districts, at the northern boundary of the State, and ending at the southern boundary thereof.

Assembly districts shall be as nearly equal in population as may be, and composed of contiguous territory.

Each Senatorial district shall choose one Senator, and each Assembly district shall choose one member of the Assembly.

Every such protest must contain a description of the property in which each signer thereof is interested, sufficient to identify the same, and must set forth the nature of his interest therein, and must be accompanied by the affidavit of one of the signers thereof that each signature thereof is the genuine signature of the person whose name is thereto subscribed; and in case any signature is made by an agent, there must be attached to the protest the affidavit of the agent that he is duly authorized to sign such protest. Also:

Strike out all of sections two to nine, inclusive, of the printed bill, and insert in lieu thereof the following:

"SEC. 2. Section six of said act is hereby amended to read as follows:

Section 6. Said action must be brought within sixty days after the passage of the ordinance ordering the improvement, but the council may, by ordinance, extend the time for bringing such action for an additional period not exceeding ninety days. Said action shall in all respects be subject to and governed by such provisions of the Code of Civil Procedure now existing or that may be hereafter enacted, as may be applicable thereto, except in the particulars otherwise provided for in this Act.

SEC. 3. Section eight of said Act is hereby amended to read as follows:

Section 8. When all parties defendant to the action have answered, or have been served with summons, and their default entered, the plaintiff or any party defendant to the action whose default has not been so entered, may, upon five days' notice to the parties, except defendants in default, move the court to set the action for trial. If, upon the hearing of such motion, a trial by jury or by the court without a jury is not demanded by the defendants, or any of them, or by the plaintiff, such trial shall be deemed to be waived, and the court must appoint three disinterested persons referees, to ascertain the compensation to be paid to such defendants so waiving a trial by jury, or by the court without a jury. Such referees must be residents of the municipality where such improvement is to be made, and over the age of twenty-one years, and must take and file with the court an oath to discharge their duties faithfully and impartially. If any of such referees fails to qualify, or resigns, or is removed by order of court, or is or becomes unable to act, the vacancy so created shall be filled by the court.

SEC. 4. Section nine of said Act is hereby amended to read as follows:

Section 9. The referees shall at once proceed to view the lands sought to be condemned, and ascertain the compensation proper to be paid to such of the parties interested in each parcel thereof as have waived a trial by a jury, or by the court. They shall have power to examine witnesses under oath, to be administered by any of them, and may have subpoenas issued by the clerk of the court, requiring the attendance of witnesses, or the production of evidence before them. They shall

make and file with the court a written report of their findings, and of their necessary expenses, within thirty days after the date of their appointment; *provided, however*, that the time so allowed may be extended, upon good cause shown, by the court or judge thereof, but such extension shall not exceed ninety days; and *provided further*, that if any vacancy in the referees is created and filled as provided in section eight of this Act, or if new referees are appointed, or if a new report from the same referees is ordered, as provided in section eleven of this Act, the time herein specified for the filing of such report shall be deemed to be thirty days from the date of the order filling such vacancy, or appointing new referees, or ordering a new report from the same referees, and the same may be extended accordingly, as above provided. Any two of such referees who agree thereto, may make such report.

SEC. 5. Section ten of said Act is hereby amended to read as follows:

Section 10. For the purpose of assessing the compensation and damages, the right thereto shall be deemed to have accrued at the date of the order appointing referees or of the order setting the cause for trial, as the case may be, and its actual value at that date shall be the measure of compensation for all property to be actually taken, and the basis of damages to property not actually taken, but injuriously affected, in all cases where such damages are allowed by the provisions of this Act. No improvements placed upon the property proposed to be taken, subsequent to the date of the publishing of the notice of the passage of the ordinance of intention, shall be included in the assessment of compensation or damages.

The referees, or court, or jury, as the case may be, shall find separately:

First: The value of each parcel of property sought to be condemned, and all improvements thereon pertaining to the realty, and of each separate estate or interest therein;

Second: If any parcel of property sought to be condemned is only a part of a larger parcel, the damages which will accrue to the portion not sought to be condemned, and to each separate estate or interest therein, by reason of its severance from the portion sought to be condemned, and the construction of the improvement in the manner proposed by the plaintiff. Such damages must be fixed irrespective of any benefit from such improvement.

Sec. 6. Section eleven of said Act is hereby amended to read as follows:

Section 11. Upon the filing of such report the court must, upon motion of any party, appoint a day for hearing the same, not less than twenty days thereafter. Notice of the time and place of said hearing must, at least ten days before the time so appointed, be served on all the other parties, except defendants whose default has been entered. The plaintiff, or any defendant who has answered, may file exceptions in writing to said report, specifying the grounds upon which such exceptions are based, at any time within not less than one day prior to the hearing; and any such party so filing exceptions to said report may appear at the hearing of said report and contest the same. In addition to the notice hereinbefore provided, the clerk of the court must give notice of the filing of said report, and of the time and place appointed for the hearing of the same, to all persons owning or having an interest in any property included within the assessment district for said improvement described in the ordinance of intention, by causing said notice last mentioned to be published for five days in a daily newspaper published and circulated in the city; or, if there be no such daily newspaper, then by two insertions in a weekly newspaper so published and circulated. Any publication of such notice shall commence at least ten days before the time appointed for the hearing of the report. Said notice shall require all persons owning or having an interest in any property included within said assessment district for said improvement to intervene in said action, and file in the office of the clerk of said court, his exceptions in writing to said report, if any he has, specifying the grounds upon which such exceptions are based. Said notice shall also contain a description of the said assessment district as set forth in the ordinance of intention. At any time within not less than one day prior to the hearing, any person not a party to the action, owning or having an interest in any property included within said assessment district, may intervene in the action, and file his exceptions in writing to said report, specifying the grounds upon which such exceptions are based; and any such person so intervening may appear and contest the said report, and introduce evidence in support of such exceptions. After hearing the report, and any exceptions thereto, the court may confirm the report, or may modify it and confirm it as modified, or may set it aside and order a new report from the same referees, or from new referees to be appointed. If new referees are appointed, the same proceedings shall be had as upon the first reference.

If there be a trial of the action by a jury, or by the court without a jury, the clerk of the court must give notice of the time and place of such trial to all persons owning or having an interest in any property within said assessment district for said improvement. Said notice shall be published in the same manner and for the same time as the notice hereinbefore in this section required to be given by said clerk, and shall require all persons owning or having an interest in any property included within said assessment district for said improvement, to intervene in said action, and to appear at the trial thereof and introduce evidence

relative to the compensation and damages to be awarded to the defendants therein. At any time within not less than one day prior to the trial, any person not a party to the action, having an interest in any property included within said assessment district, may intervene in the action, and, upon the trial thereof, may appear and introduce evidence relative to the compensation and damages to be awarded to the defendants therein. The cost of the publication of the notices required by this section shall be paid by the plaintiff, and allowed as costs in the action.

When a time has been appointed for hearing the report of the referees, or for the trial of the action, and notice thereof has been given by the clerk by publication as in this section provided, if the hearing or trial be postponed or continued by the court to any subsequent date, no such notice need be given by the clerk of the hearing or trial upon any such postponement or continuance.

Sec. 7. Section twelve of said Act is hereby amended to read as follows:

Section 12. Upon the confirmation of the report of the referees, or receipt of the verdict of the jury, or the filing of the findings of the court, the court shall make and enter an interlocutory judgment in accordance with such report, verdict or findings, adjudging that upon payment to the respective parties, or into court for their benefit, of the several amounts found due them as compensation, and of the costs allowed to them, the property involved in the action shall be condemned to the use of the plaintiff, and dedicated to the use specified in the complaint. The court shall allow to the referees, as costs to be paid by the plaintiff, a reasonable compensation for their services, the amount of which compensation shall be fixed by the court upon the hearing of the report, and their necessary expenses.

Sec. 8. Section fourteen of said Act is hereby amended to read as follows:

Section 14. The city council may, at any time prior to the entry of the interlocutory judgment, abandon the proceedings by ordinance, and cause the said action to be dismissed without prejudice.

Sec. 9. Section sixteen of said Act is hereby amended to read as follows:

Section 16. The city engineer shall deliver said diagram to the street superintendent, and shall endorse thereon the date of such delivery. The street superintendent upon receiving the said diagram shall proceed to assess the total expenses of the proposed improvement upon and against the lands, including the property of any railroad or street railroad, within said assessment district, except the land to be taken for such improvement, in proportion to the benefits to be derived from said improvement. The street superintendent shall complete said assessment within sixty days after the receipt by him of said diagram: *provided, however*, that the city council may by order extend the time for completing said assessment for a period not exceeding ninety days additional. The total expense of the improvement so to be assessed shall include the amounts awarded to the defendants by the interlocutory judgment in the action for condemnation, together with their costs, the compensation, and expenses of the referees, as allowed by the court, and all other costs of the plaintiff in such action, the expenses of making the assessment, and all expenses necessarily incurred by said city, in connection with the proposed improvement, for the publication of ordinances, posting, and publication of notices, for maps, diagrams, plans, surveys, searches, and certificates of title to the property to be taken, and all other matters incident thereto."

And:

On page 6, after Section 9, line 1, of the printed bill, insert the following:

MR. PRESIDENT: Your special committee of one, to whom was referred Senate Bill No. 1173, with instructions to amend, respectfully reports the same back, amended as per instructions.

THOMPSON, Committee.

Report of special committee of one, and amendments, adopted.

Bill ordered to print and reëngrossment.

CONSIDERATION OF SPECIAL ORDER.

The hour having arrived for the consideration of the special order heretofore set for this day, being the consideration of Senate Constitutional Amendment No. 1—Relative to the separation of State and county taxes—the same was taken up for consideration.

SENATE CONSTITUTIONAL AMENDMENT No. 1.

A resolution to propose to the people of the State of California an amendment to the Constitution of the State of California providing for the separation of State and local taxation, providing for the taxation of public service and other corporations for the benefit of the State, and to that end adding to article thirteen a new section, to be numbered section fourteen, amending section ten of article thirteen, and repealing section ten of article eleven thereof, all relating to revenue and taxation.

WHEREAS, It is deemed desirable to separate the sources of revenue for State purposes from the sources of revenue for county and municipal purposes; now, therefore,

The Legislature of the State of California, at its regular session, commencing on the fourth day of January, nineteen hundred and nine, two thirds of all the members elected to each of the two houses of said Legislature voting in favor thereof, hereby proposes to the qualified electors of the State of California the following amendment to the Constitution of the State of California:

First. There is hereby added to article thirteen a new section to be numbered fourteen, and to read as follows:

Section 14. Taxes levied, assessed and collected as hereinafter provided upon railroads, including street railways, whether operated in one or more counties; sleeping car, dining car, drawing-room car and palace car companies, refrigerator, oil, stock, fruit, and other car loaning and other car companies operating upon railroads in this State; companies doing express business on any railroad, steamboat, vessel or stage line in this State; telegraph companies; telephone companies; companies engaged in the transmission or sale of gas or electricity; insurance companies; banks, banking associations, savings and loan societies, and trust companies; and taxes upon all franchises of every kind and nature, shall be entirely and exclusively for State purposes, and shall be levied, assessed and collected in the manner hereinafter provided. The word "companies" as used in this section shall include persons, partnerships, joint-stock associations, companies, and corporations.

(a) All railroad companies, including street railways, whether operated in one or more counties; all sleeping car, dining car, drawing-room car, and palace car companies, all refrigerator, oil, stock, fruit and other car-loaning and other car companies, operating upon the railroads in this State; all companies doing express business on any railroad, steamboat, vessel or stage line in this State; all telegraph and telephone companies; and all companies engaged in the transmission or sale of gas or electricity shall annually pay to the State a tax upon their franchises, roadways, roadbeds, rails, rolling stock, poles, wires, pipes, canals, conduits, rights of way, and other property, or any part thereof, used exclusively in the operation of

their business in this State, computed as follows: Said tax shall be equal to the percentages hereinafter fixed upon the gross receipts from operation of such companies and each thereof within this State. When such companies are operating partly within and partly without this State, the gross receipts within this State shall be deemed to be all receipts on business beginning and ending within this State, and a proportion, based upon the proportion of the mileage within this State to the entire mileage over which such business is done, of receipts on all business passing through, into, or out of this State.

The percentage above mentioned shall be as follows: On all railroad companies, including street railways, four per cent; on all sleeping car, dining car, drawing-room car, palace car companies, refrigerator, oil, stock, fruit and other car-loading and other car companies, three per cent; on all companies doing express business on any railroad, steamboat, vessel or stage line, two per cent; on all telegraph and telephone companies, three and one half per cent; on all companies engaged in the transmission or sale of gas or electricity, four per cent. Such taxes shall be in lieu of all other taxes and licenses, state, county and municipal, upon the property above enumerated of such companies except as otherwise in this section provided; *provided*, that nothing herein shall be construed to release any such company from the payment of any amount agreed to be paid or required by law to be paid for any special privilege or franchise granted by the municipal authorities of this State; *provided further, however*, that when any railroad company, including street railways shall pay to any municipality or county a certain proportion of its gross receipts for the privilege of exercising any right or franchise in any such municipality or county, the amount so paid to such municipality or county shall be deducted from the amount which such railroad company, including street railways, shall be obligated to pay under the terms hereof, for the year for which such percentage of gross receipts is paid to such municipality or county.

(b) Every insurance company or association doing business in this State shall annually pay to the State a tax of one and one half per cent upon the amount of the gross premiums received upon its business done in this State, less return premiums and reinsurance in companies or associations authorized to do business in this State; *provided*, that there shall be deducted from said one and one half per cent upon the gross premiums the amount of any county and municipal taxes paid by such companies on real estate owned by them in this State. This tax shall be in lieu of all other taxes and licenses, State, county and municipal, upon the property of such companies, except county and municipal taxes on real estate, and except as otherwise in this section provided; *provided*, that when by the laws of any other State or country, any taxes, fines, penalties, licenses, fees, deposits of money, or of securities, or other obligations or prohibitions imposed on insurance companies of this State, doing business in such other State or country, or upon their agents therein, in excess of such taxes, fines, penalties, licenses, fees, deposits of money, or of securities, or other obligations or prohibitions, imposed on insurance company of such other State or country, so long as such laws continue in force, the same obligations and prohibitions of whatsoever kind may be imposed by the Legislature upon insurance companies of such other State or country doing business in this State.

(c) The shares of capital stock of all banks, organized under the laws of this State, or of the United States, or of any other State and located in this State, shall be assessed and taxed to the owners or holders thereof by the State Board of Equalization in the manner to be prescribed by law, in the city or town where the bank is located and not elsewhere. There shall be levied and assessed upon such shares of capital stock an annual tax, payable to the State, of six tenths of one per centum upon the value thereof. The value of each share of stock in each bank, except such as are in liquidation, shall be taken to be the amount paid in thereon, together with its pro rata of the accumulated surplus and undivided profits. The value of each share of stock in each bank which is in liquidation shall be taken to be its pro rata of the actual assets of such bank. This tax shall be in lieu of all other taxes and licenses, State, county and municipal, upon such shares of stock and upon the property of such banks, except county and municipal taxes on real estate and except as otherwise in this section provided. In determining the value of the capital stock of any bank there shall be deducted from the value, as defined above, the value, as assessed for county taxes, of any real estate other than mortgage interests therein, owned by such bank and taxed for county purposes. The banks shall be liable to the State for this tax and the same shall be paid to the State by them on behalf of the stockholders in the manner and at the time prescribed by law, and they shall have a lien upon the shares of stock and upon any dividends declared thereon to secure the amount so paid.

The moneyed capital, reserve, surplus, undivided profits and all other property belonging to unincorporated banks or bankers of this State, or held by any bank located in this State which has no shares of capital stock, or employed in this State by any branches, agencies, or other representatives of any banks doing business outside of the State of California, shall be likewise assessed and taxed to such banks or bankers by the said Board of Equalization, in the manner to be provided by law, and taxed at the same rate that is levied upon the shares of capital stock of incorporated banks, as provided in the first paragraph of this subdivision. The value of said property shall be determined by taking the entire property invested in such business together with all the reserve, surplus, and undivided profits, at

their full cash value, and deducting therefrom the value as assessed for county taxes of any real estate other than mortgage interests therein, owned by such bank and taxed for county purposes. Such taxes shall be in lieu of all other taxes and licenses, State, county and municipal, upon the property of the banks and bankers mentioned in this paragraph, except county and municipal taxes on real estate and except as otherwise in this section provided. It is the intention of this paragraph that all moneyed capital and property of the banks and bankers mentioned in this paragraph shall be assessed and taxed at the same rate as an incorporated bank, provided for in the first paragraph of this subdivision. In determining the value of the moneyed capital and property of the banks and bankers mentioned in this subdivision, the said State Board of Equalization shall include and assess to such banks all property and everything of value owned or held by them, which go to make up the value of the capital stock of such banks and bankers, if the same were incorporated and had shares of capital stock.

The word "banks" as used in this subdivision shall include banking associations, savings and loan societies and trust companies but shall not include building and loan associations.

(d) All franchises, other than those expressly provided for in this section, shall be assessed at their actual cash value, in the manner to be provided by law, and shall be taxed at the rate of one per centum each year, and the taxes collected thereon shall be exclusively for the benefit of the State.

(e) Out of the revenues from the taxes provided for in this section, together with all other State revenues, there shall be first set apart the moneys to be applied by the State to the support of the public school system and the State University. In the event that the above named revenues are at any time deemed insufficient to meet the annual expenditures of the State including the above named expenditures for educational purposes, there may be levied, in the manner to be provided by law, a tax, for State purposes, on all the property in the State including the classes of property enumerated in this section, sufficient to meet the deficiency. All property enumerated in subdivisions a, b, and d of this section shall be subject to taxation, in the manner provided by law, to pay the principal and interest of any bonded indebtedness created and outstanding by any city, city and county, county, town, township or district, before the adoption of this section, the taxes so paid for principal and interest on such bonded indebtedness shall be deducted from the total amount paid in taxes for State purposes.

(f) All the provisions of this section shall be self-executing, and the Legislature shall pass all laws necessary to carry this section into effect, and shall provide for a valuation and assessment of the property enumerated in this section, and shall prescribe the duties of the State Board of Equalization and any other officers in connection with the administration thereof. The rates of taxation fixed in this section shall remain in force until changed by the Legislature, three fourths of all the members elected to each of the two houses voting in favor thereof.

The taxes herein provided for shall become a lien on the first Monday in March of each year after the adoption of this section and shall become due and payable on the first Monday in July thereafter. The gross receipts and gross premiums herein mentioned shall be computed for the thirty-first day of December prior to the levy of such taxes and the value of any property mentioned herein shall be fixed as of the first Monday in March. Nothing herein contained shall affect any tax levied or assessed prior to the adoption of this section, and all laws in relation to such taxes in force at the time of the adoption of this section shall remain in force until changed by the Legislature. Until the year 1918 the State shall reimburse San Bernardino and Placer counties for the net loss in county revenue occasioned by the withdrawal of railroad property from county taxation. The legislature shall provide for the reimbursement from the general funds of any county to districts therein where loss is occasioned in such districts by the withdrawal from local taxation of property taxed for State purposes only.

(g) No injunction shall ever issue in any suit, action or proceeding in any court against this State or against any officer thereof to prevent or enjoin the collection of any tax levied under the provisions of this section until such tax has been actually paid; but after such payment action may be maintained to recover any tax illegally collected in such manner, and at such times as may now or hereafter be provided by law.

MESSAGES FROM THE GOVERNOR—(OUT OF ORDER).

On motion of Senator Leavitt, the following messages from the Governor were taken up:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,
SACRAMENTO, March 8, 1909.

To the Senate of the State of California:

I have the honor to return herewith Senate Bill No. 696, entitled "An Act to amend section fifteen hundred and seventy-nine of the Code of Civil Procedure, relating to and authorizing executors, administrators, and guardians to make leases of the real estate of decedents," without my approval, for the following reasons:

By this amendment to Section 1579 of the Code of Civil Procedure as it now stands, a provision authorizing the courts to prescribe terms and conditions of a lease is omitted. The amendment proposed in this bill authorizes the leasing of oil lands for twenty years, or as long thereafter as oil and petroleum or other minerals be produced therefrom in paying quantities.

I do not consider it proper that this last provision should be incorporated in our laws, as it is too indefinite, and practically would permit leasing for all time, providing the land continues to produce oil. To fix a period of twenty years is sufficient to meet all the requirements of leases of this character.

This bill is vetoed upon the request of the author.

J. N. GILLET, Governor.

Message read, and ordered printed in the Journal.

The question being, "Shall the bill become a law, notwithstanding the objections of the Governor?"

The roll was called, and the Governor's veto to Senate Bill No. 696 sustained by the following vote:

AYES—None.

NOES—Senators Anthony, Bates, Bell, Birdsell, Black, Boynton, Burnett, Caminetti, Campbell, Cullen, Estudillo, Finn, Hare, Hartman, Holohan, Hurd, Kennedy, Leavitt, Lewis, Martinelli, McCartney, Miller, Sanford, Savage, Stetson, Strobridge, Walker, Weed, Willis, Wolfe, and Wright—31.

Also:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA.
SACRAMENTO, March 8, 1909.

To the Senate of the State of California:

I have the honor to return herewith Senate Bill No. 324, entitled "An Act to amend an Act entitled 'An Act to establish a Penal Code,' approved February 14, 1872, by adding a new section to said Penal Code, to be known and numbered as section four hundred and two and three quarters, relating to and furnishing or erecting of unsafe or improper scaffoldings or mechanical contrivances," without my approval, for the following reason:

The title to said Act provides for adding a new section to the Penal Code, to be known and numbered as section four hundred and two and three quarters. The body of the Act provides for the adding of a new section, to be known and numbered as section four hundred and three and three quarters.

This bill is vetoed at the request of the author.

J. N. GILLETT, Governor.

A resolution to propose to the people of the State of California an amendment to the Constitution of the State of California providing for the separation of state and local taxation, providing for the taxation of public service and other corporations for the benefit of the State, and to that end adding to article thirteen a new section to be numbered section fourteen amending section ten of article thirteen, and repealing section ten of article eleven thereof, all relating to revenue and taxation.

WHEREAS, It is deemed desirable to separate the sources of revenue for State purposes from the sources of revenue for county and municipal purposes; now, therefore,

The Legislature of the State of California, at its regular session, commencing on the fourth day of January, nineteen hundred and nine, two thirds of all the members elected to each of the two houses of said Legislature voting in favor thereof, hereby proposes to the qualified electors of the State of California the following amendments to the Constitution of the State of California:

First—There is hereby added to article thirteen a new section to be numbered fourteen and to read as follows:

Section 14. Taxes levied, assessed and collected as hereinafter provided upon railroads, including street railways, whether operated in one or more counties; sleeping car, dining car, drawing-room car and palace car companies, refrigerator, oil, stock, fruit, and other car-loading and other car companies operating upon railroads in this State; companies doing express business on any railroad, steamboat, vessel or stage line in this State; telegraph companies; telephone companies; companies engaged in the transmission or sale of gas or electricity; insurance companies; banks, banking associations, savings and loan societies, and trust companies; and taxes upon all franchises of every kind and nature, shall be entirely and exclusively for State purposes, and shall be levied, assessed and collected in the manner hereinafter provided. The word "companies" as used in this section shall include persons, partnerships, joint-stock associations, companies, and corporations.

(a) All railroad companies, including street railways, whether operated in one or more counties; all sleeping car, dining car, drawing-room car, and palace car companies, all refrigerator, oil, stock, fruit and other car-loading and other car companies, operating upon the railroads in this State; all companies doing express business on any railroad, steamboat, vessel or stage line in this State; all telegraph and telephone companies; and all companies engaged in the transmission or sale of gas or electricity shall annually pay to the State a tax upon their franchises, roadways, roadbeds, rails, rolling stock, poles, wires, pipes, canals, conduits, rights of way, and other property, or any part thereof, used exclusively in the operation of their business in this State, computed as follows: Said tax shall be equal to the percentages hereinafter fixed upon the gross receipts from operation of such companies and each thereof within this State. When such companies are operating partly within and partly without this State, the gross receipts within this State shall be deemed to be all receipts on business beginning and ending within this State, and a proportion, based upon the proportion of the mileage within this State to the entire mileage over which such business is done, of receipts on all business passing through, into, or out of this State.

The percentages above mentioned shall be as follows: On all railroad companies, including street railways, four per cent; on all sleeping car, dining car, drawing-room car, palace car companies, refrigerator, oil, stock, fruit, and other car-loading and other car companies, three per cent; on all companies doing express business on any railroad, steamboat, vessel or stage line, two per cent; on all telegraph and telephone companies, three and one half per cent; on all companies engaged in the transmission or sale of gas or electricity, four per cent. Such taxes shall be in lieu of all other taxes and licenses, State, county, and municipal, upon the property above enumerated of such companies, except as otherwise in this section provided; *provided*, that nothing herein shall be construed to release any such company from the payment of any amount agreed to be paid or required by law to be paid for any special privilege or franchise granted by any of the municipal authorities of this State.

(b) Every insurance company or association doing business in this State shall annually pay to the State a tax of one and one half per cent upon the amount of the gross premiums received upon its business done in this State, less return premiums and reinsurance in companies or association authorized to do business in this State; *provided*, that there shall be deducted from said one and one half per cent upon the gross premiums the amount of any county and municipal taxes paid by such companies on real estate owned by them in this State. This tax shall be in lieu of

all other taxes and licenses, State, county, and municipal, upon the property of such companies, except county and municipal taxes on real estate, and except as otherwise in this section provided: *provided*, that when by the laws of any other State or country, any taxes, fines, penalties, licenses, fees, deposits of money, or of securities, or other obligations or prohibitions, are imposed on insurance companies of this State, ~~doim~~, business in such other State or country, or upon their agents therein, in excess of such taxes, fines, penalties, licenses, fees, deposits of money, or of securities, or other obligations or prohibitions, imposed upon insurance company of such other State or country, so long as such laws continue in force, the same obligations and prohibitions of whatsoever kind may be imposed by the Legislature upon insurance companies of such other State or country doing business in this State.

(c) The shares of capital stock of all banks, organized under the laws of this State, or of the United States, or of any other State and located in this State, shall be assessed and taxed to the owners or holders thereof by the State Board of Equalization in the manner to be prescribed by law, in the city or town where the bank is located and not elsewhere. There shall be levied and assessed upon such shares of capital stock an annual tax, payable to the State, of six tenths of one per centum upon the value thereof. The value of each share of stock in each bank, except such as are in liquidation, shall be taken to be the amount paid in thereon, together with its pro rata of the accumulated surplus and undivided profits. The value of each share of stock in each bank, which is in liquidation shall be taken to be its pro rata of the actual assets of such bank. The tax shall be in lieu of all other taxes and licenses, State, county, and municipal, upon such shares of stock and upon the property of such banks, except county and municipal taxes on real estate and except as otherwise in this section provided. In determining the value of the capital stock of any bank there shall be deducted from the value as defined above, the value, as assessed for county taxes, of any real estate other than mortgage interests therein, owned by such bank and taxed for county purposes. The banks shall be liable to the State for this tax and the same shall be paid to the State by them on behalf of the stockholders in the manner and at the time prescribed by law, and they shall have a lien upon the shares of stock and upon any dividends declared thereon to secure the amount so paid.

The moneyed capital, reserve, surplus, undivided profits and all other property belonging to unincorporated banks or bankers of this State, or held by any bank located in this State which has no shares of capital stock, or employed in this State by any branches, agencies, or other representatives of any banks doing business outside of the State of California, shall be likewise assessed and taxed to such banks or bankers by the said Board of Equalization, in the manner to be provided by law, and taxed at the same rate that is levied upon the shares of capital stock of incorporated banks, as provided in the first paragraph of this subdivision. The value of said property shall be determined by taking the entire property invested in such business together with all the reserve, surplus, and undivided profits, at their full cash value, and deducting therefrom the value as assessed for county taxes of any real estate other than mortgage interests therein, owned by such bank and taxed for county purposes. Such taxes shall be in lieu of all other taxes and licenses, State, county, and municipal, upon the property of the banks and bankers mentioned in this paragraph, except county and municipal taxes on real estate and except as otherwise in this section provided. It is the intention of this paragraph that all moneyed capital and property of the banks and bankers mentioned in this paragraph shall be assessed and taxed at the same rates as an incorporated bank, provided for in the first paragraph of this subdivision. In determining the value of the moneyed capital and property of the banks and bankers mentioned in this subdivision, the said State Board of Equalization shall include and assess to such banks all property and everything of value owned or held by them, which go to make up the value of the capital stock of such banks and bankers, if the same were incorporated and had shares of capital stock.

The word "banks" as used in this subdivision shall include banking associations, savings and loan societies and trust companies, but shall not include building and loan associations.

(d) All franchises, other than those expressly provided for in this section, shall be assessed at their actual cash value, in the manner to be provided by law, and shall be taxed at the rate of one per centum each year, and the taxes collected thereon shall be exclusively for the benefit of the State.

(e) Out of the revenues from the taxes provided for in this section, together with all other State revenues, there shall be first set apart the moneys to be applied by the State to the support of the public school system and the State university. In the event that the above named revenues are at any time deemed insufficient to meet the annual expenditures of the State, including the above named expenditures for educational purposes, there may be levied, in the manner to be provided by law, a tax, for State purposes, on all the property in the State including the classes of property enumerated in this section, sufficient to meet the deficiency. All property enumerated in subdivisions a, b, and d of this section shall be subject to taxation, in the manner provided by law, to pay the principal and interest of any bonded indebtedness created and outstanding by any city, city and county, county, town, township or district, before the adoption of this section, the taxes so paid for principal

and interest on such bonded indebtedness shall be deducted from the total amount paid in taxes for State purposes.

(f) All the provisions of this section shall be self-executing, and the Legislature shall pass all laws necessary to carry this section into effect, and shall provide for a valuation and assessment of the property enumerated in this section, and shall prescribe the duties of the State Board of Equalization and any other officers in connection with the administration thereof. The rates of taxation fixed in this section shall remain in force until changed by the Legislature, three-fourths of all the members elected to each of the two houses voting in favor thereof.

The taxes herein provided for shall become a lien on the first Monday in March of each year after the adoption of this section and shall become due and payable on the first Monday in July thereafter. The gross receipts and gross premiums herein mentioned shall be computed for the thirty-first day of December prior to the levy of such taxes and the value of any property mentioned herein shall be fixed as of the first Monday in March. Nothing herein contained shall affect any tax levied or assessed prior to the adoption of this section and all laws in relation to such taxes in force at the time of the adoption of this section shall remain in force until changed by the Legislature. Until the year 1918 the State shall reimburse San Bernardino and Placer counties for the net loss in county revenue occasioned by the withdrawal of railroad property from county taxation. The Legislature shall provide for the reimbursement from the general funds of any county to districts therein where loss is occasioned in such districts by the withdrawal from local taxation of property taxed for State purposes only.

(g) No injunction shall ever issue in any suit, action, or proceeding in any court against this State or against any officer thereof to prevent or enjoin the collection of any tax levied under the provisions of this section until such tax has been actually paid; but after such payment action may be maintained to recover any tax illegally collected in such manner, and at such time as may now or hereafter be provided by law.

Second—Section ten of article thirteen of said Constitution is hereby amended to read as follows:

Section 10. All property, except as otherwise in this Constitution provided, shall be assessed in the county, city, town or township, or district in which it is situated, in the manner prescribed by law.

Senator Leavitt moved that further debate on the pending question be limited to ten minutes for each speaker.

Motion carried.

CONSIDERATION OF PENDING MOTION—(RESUMED).

The question being upon the motion to amend.

The roll was called, and the motion lost by the following vote:

AYES—Senators Bell, Birdsall, Black, Boynton, Caminetti, Campbell, Cartwright, Curtin, Cutten, Holohan, Lewis, Miller, Sanford, Stetson, Strobridge, and Thompson—16.

NOES—Senators Anthony, Bates, Bills, Burnett, Estudillo, Finn, Hare, Hartman, Hurd, Kennedy, Leavitt, Martinelli, McCartney, Price, Reily, Savage, Walker, Weed, Welch, Willis, Wolfe, and Wright—22.

QUESTION OF PERSONAL PRIVILEGE.

Senator Roseberry asked for, and was granted, permission to have the following statement printed in the Journal as a question of personal privilege, in explanation of his absence during the preceding roll call.

STATEMENT.

While the discussion was pending on Senate Bills No. 27 and 294, and believing that the debate would last for at least ten minutes after my departure, I went to the Governor's office on important business and remained there not more than five minutes. I had made three previous visits to the Governor's office during the day, but had been unable to get an audience. When I returned I learned that the debate had suddenly been closed, the vote on the two bills taken, and Senate Bill No. 27 lost. As I had spoken in favor of Senate Bill No. 27 and intended to vote for the same, considering it the better of the two measures, I now desire to thus explain my absence when the said vote was being taken. I favor Senate Bill No. 27, and would have voted for the same had I not been unavoidably called out on official business.

LOUIS H. ROSEBERRY.

The question now being upon the original motion, viz. that the Senate take up Senate Bill No. 294 for consideration.

Motion carried.

Senate Bill No. 294—An Act providing for the organization of the Board of Railroad Commissioners, defining its powers and duties, and the powers and duties of transportation companies, their officers, and employees, and defining offenses by transportation companies, their officers, employees, and other persons, and providing penalties therefor.

COMMUNICATION.

The following communication was presented by the President of the Senate:

WHEREAS, The viticultural interests of this State rank as the fourth largest industry therein created; and

WHEREAS, Table grapes, raisins, and wine can be produced as cheaply, in as large quantity, and of the best quality on lands unsuitable for any other purposes; and

WHEREAS, Large tracts of such lands, heretofore assessed at a nominal figure of \$1.25 per acre, are now planted to vines which have increased the assessed valuation from this insignificant sum to \$100.00 and more per acre, thus bringing a largely increased revenue to the State; and

WHEREAS, There are now over 250,000 acres in vines in this State, most of said acres being practically useless for other purposes; and

WHEREAS, Efforts are now being made to create a sentiment, which, if allowed to go unchecked, would result in the depreciation of the value of the properties already improved, and practically wipe out the result of years of labor, and the investment of nearly \$125,000,000, and work a great injury to the people of the State of California; now, therefore, be it

Resolved, By this, the State Board of Agriculture, that we strongly recommend encouragement of the viticultural industry in this State, and that we look with positive disfavor upon the enactment of any legislation, either by the Federal Government or State Legislature, or by any counties of this State, that would discourage this most important industry, which is destined, if encouraged and fostered, to be the greatest industry of the State; and further be it

Resolved, That the secretary of this board be instructed to transmit copies of these resolutions to the honorable, the President of the Senate of the Legislature of this State, and the honorable, the Speaker of the Assembly of the Legislature of this State, with the request that earnest consideration be given thereto by the members of the Legislature of this State.

SENATE JOINT RESOLUTION No. 19.

Relative to maintaining without reduction the present tariff on lumber imported into the United States from any foreign country.

WHEREAS, The manufacture of lumber has become one of the leading industries of the State of California, giving direct employment to over 30,000 laboring men and adding each year to the output of the State 1,500,000,000 feet of lumber, valued at over \$23,000,000 at the place of production, all of which must be loaded on train or boat for shipment to the markets of the world, thus making business for and providing revenues to the great transportation companies which are developing the resources of a State which is a veritable empire in territory and natural wealth;

WHEREAS, The plants of the lumber manufacturers which are scattered throughout Northern California, in the valuable redwood belt which covers the hills of the coast counties and in the great pine forests which spread over the slopes of the Sierras, make up in value a great part of the taxable property of State and county and produce revenues for governmental purposes which can not be derived from other sources:

WHEREAS, There are vast and practically inexhaustible forests of pine waiting to be cut in British Columbia and other provinces of the Dominion of Canada,

where the price of stumpage is at a minimum, and the price of labor due to cheap labor competition and the decreased cost of living is far below the scale of wages paid to the American logger and millhand;

WHEREAS, Lumber manufactured in California and the great producing states of Oregon and Washington can not successfully compete with lumber coming from without the United States where the cost of production has been materially decreased;

WHEREAS, We view with alarm any reduction by Congress from the present tariff on lumber imported into the United States, believing that any such reduction will injuriously affect the condition of employer and employee alike and seriously hamper an industry, the successful carrying on of which means so much to the prosperity of a State renowned for its great natural wealth; be it

Resolved by the Senate and Assembly, jointly. That we respectfully urge the Congress of the United States to maintain without reduction the present tariff on lumber imported into the United States from any foreign country; be it further

Resolved, That our Senators in Congress be instructed, and our representatives requested, to use all honorable means to carry out the foregoing recommendation and request; be it further

Resolved, That the Governor of California be, and he is, directed to transmit a certified copy of these resolutions to the President and Speaker, respectively, of the Senate and House of Representatives of the United States, and to each of our Senators and Representatives in Congress.

MESSAGES FROM THE GOVERNOR.

The following messages from the Governor were taken up and read:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,
SACRAMENTO, March 10, 1909.

I have the honor to return herewith Senate Bill No. 217, entitled "An Act to amend the Political Code of the State of California by adding a new section thereto, to be numbered section four thousand one hundred and thirty-five *a*, validating defectively recorded instruments, and providing for the imparting of notice by the same to subsequent purchasers or incumbrances," without my approval, for the following reasons:

Under this Act whenever a decree involving real estate has been recorded in any book other than the one designated by law, the same shall hereafter impart to subsequent purchasers, mortgagers, mortgagees, etc., the like notice that would have been imparted had such instrument been correctly recorded.

I am free to admit that it is unfortunate that one should suffer through the faults or ignorance of the recorder. In my opinion, however, this is not the proper method of righting this error. This instrument is improperly recorded. It is hidden away in the wrong book of record. It can not be found by following the ordinary avenues of search. Yet it is designed that this instrument thus concealed shall convey the same notice that is given by a proper record. Legislation can not make right that which is wrong so long as the error continues.

The result desired could have been accomplished by directing the record to be transferred into the proper book. This course would cause the expense of transferring the record to fall upon the present recorder, but this objection could easily be avoided by providing that the board of supervisors should employ competent clerical help for this purpose. At the very least, it should be required that all instruments improperly recorded should be reindexed in the proper index book before they shall impart notice.

J. N. GILLET, Governor.

Message read, and ordered printed in the Journal.

The question being, "Shall the bill become a law, notwithstanding the objections of the Governor?"

To His Excellency, the Governor of the State of California, and the Senate and the Assembly of the State of California:

WHEREAS, The attention of the civic organizations of San Francisco has been called to the necessity for more troops to man the coast fortifications by a communication issued by the Assistant Secretary of War on the subject; and

WHEREAS, The only available source for additional troops is the National Guard, owing to a lack of legislation and lack of appropriations necessary to increase the regular force; and

WHEREAS, There remains unexpended the sum of four hundred and twenty-six thousand dollars, more or less, of an appropriation heretofore made for the purpose of purchasing a site and erecting thereon a State building in San Francisco; and

Resolved by the civic and commercial organizations of San Francisco, in meeting assembled, That the Senate and Assembly be petitioned to enact and the Governor to approve of necessary legislation diverting the said balance remaining in the appropriation for the erection of a State building in San Francisco to the purpose of purchasing a site and erecting thereon an armory for the National Guard of California in San Francisco.

CONSIDERATION OF SPECIAL ORDER.

The hour having arrived for the consideration of the special order heretofore set for this day, being the consideration of Senate Constitutional Amendment No. 6, the same was taken up for consideration.

SENATE CONSTITUTIONAL AMENDMENT NO. 6.

A resolution to propose to the people of the State of California an amendment to the Constitution of said State, by amending Section 1 of Article IV thereof, relating to legislative powers, and reserving to the people of the State of California the power to propose legislation, laws, and amendments to the Constitution and to enact the same at the polls, independent of the Legislature.

The Legislature of the State of California at its regular session, commencing on the 4th day of January, 1909, two thirds of all the members voting in favor thereof, hereby proposes that Section one of article four of the Constitution of the State of California be amended so as to read as follows:

ARTICLE IV.

Section 1. *a.* The legislative power of this State shall be vested in a Senate and Assembly, which shall be designated the Legislature of the State of California, but the people reserve to themselves the power to propose by petition laws, statutes, and amendments to the Constitution, and to adopt or to reject the same at the polls, independent of the Legislature. The Legislature may enact laws and statutes and propose amendments as elsewhere provided in this Constitution.

b. Upon the presentation to the Secretary of State of a petition signed by qualified electors of the State as many in number as twelve per cent of all the votes cast for Governor at the then last election for Governor, proposing a law, statute

or an amendment to the Constitution, set forth in full in said petition, the Secretary of State must submit the said proposed law, statute or amendment to the electors at the next succeeding general election occurring subsequent to ninety days after the presentation of said petition. In all matters pertaining to the submission, and the adoption or rejection of the same, the Secretary of State and all other officers shall be guided by the general laws, particularly those applicable to constitutional amendments, until legislation shall be especially provided therefor. If the number of electors voting in favor of any proposed measure exceed the number voting against it, the proposed measure thereby becomes adopted and in full force and effect.

c. Any such petition may be presented in sections. Each section must contain a full and correct copy of the title and text of the proposed measure. Each signer shall add to his signature his place of residence, giving the street and number if such exist, or such a description of the place of his residence as will enable its location to be ascertained. The number of signatures attached to each section shall be at the pleasure of the person soliciting signatures to the same. Any qualified voter or taxpayer of the State shall be competent to solicit said signatures. Each section shall have attached thereto the affidavit of the person soliciting signatures to the same, stating that all the signatures to the attached section were made in his presence, and that to the best of his knowledge and belief each signature to the section is the genuine signature of the person whose name purports to be thereunto subscribed, and no other affidavit thereto shall be required. Each signature, the genuineness of which is not called in question by the sworn affidavit of the purported signer thereof, shall be presumed to be genuine. Unless and until it is proven otherwise by official investigation, it shall be presumed that the petition presented contains the signatures of the requisite number of qualified electors.

d. Several petitions may be presented proposing measures to be voted upon at the same election. If measures be simultaneously adopted which contain conflicting provisions, the provision contained in the measure receiving the highest affirmative vote shall prevail.

e. A substantial compliance with the provisions of this section shall be sufficient for the proposal and adoption of any measure. This section is self-executing, but legislation may be enacted especially to facilitate its operation, but in no way limiting or restricting either the provisions of this section or the power herein reserved.

f. If petitions for the initiation of statutory law be filed with the Secretary of State not less than thirty days before any regular or special session of the Legislature, the Secretary of State shall transmit the same to the Legislature as soon as it convenes. Such initiative measures shall take precedence over all other measures in the Legislature excepting appropriation bills. The Legislature may enact any initiative measure, without change or amendment, but in all cases proposed amendments to the Constitution must be submitted to the electors for approval or rejection. If any such initiative measure shall be rejected by the Legislature, or no action be taken upon it by the Legislature within forty days from the date of its transmission, the Secretary of State shall submit it to the electors for approval or rejection at the next ensuing general election. The Legislature may reject any measure proposed by initiative petition, and propose a different one to accomplish the same purpose, but in such event both measures shall be submitted to the electors for their rejection or approval by the Secretary of State at the next ensuing general election. The veto power of the Governor shall not extend to measures adopted by direct vote of the people. A statute adopted by direct vote of the people can be repealed or amended only by direct vote of the people.

g. If for any reason any measure proposed by petition as herein provided be not submitted at the next succeeding general election occurring ninety days after the presentation of said petition, such failure shall not prevent its submission at a succeeding general election, and no constitutional amendment or amendments or other measure proposed by the Legislature shall be submitted, except that at the same election there shall be submitted those measures proposed by petition of the electors, if any be so proposed, as herein provided.

h. The enacting clause of every law shall be as follows: "Be it enacted by the people of the State of California."

Senate constitutional amendment read.

The question being upon the adoption of the Senate constitutional amendment.

The roll was called, and Senate Constitutional Amendment No. 6 refused adoption by the following vote:

AYES—Senators Anthony, Bell, Birdsall, Boynton, Caminetti, Campbell, Catten, Estudillo, Hare, Kennedy, McCartney, Reilly, Roseberry, Rush, Sanford, Stetson, Thompson, Walker, and Welch—19.

NOES—Senators Bates, Bills, Black, Curtin, Hartman, Hurd, Leavitt, Lewis, Martinelli, Miller, Price, Savage, Weed, Willis, Wolfe, and Wright—16.

EXPLANATION OF VOTE.

Senator Miller asked for, and was granted, unanimous consent to explain his vote, as follows:

MR. PRESIDENT: In explanation of my vote on Senate Constitutional Amendment No. 6, I feel compelled to vote against the amendment in its present form because I believe upon reflection it would tend to destroy a republican form of government and toward the establishment of a pure democracy, in my judgment an undesirable thing. My views upon the initiative and referendum have recently been modified by investigation of the workings of this system in other states of the Union. I further object to the amendment in its present form, as the twelve per cent, required to submit a question, can all be obtained in one locality.

NOTICE OF MOTION TO RECONSIDER.

Senator Black gave notice that on next legislative day he would move a reconsideration of the vote whereby Senate Constitutional Amendment No. 6 was this day refused adoption.

PRESIDENT PRO TEM. WOLFE IN THE CHAIR.

At twelve o'clock and ten minutes P. M., Senator E. I. Wolfe, President pro tem. of the Senate, in the chair.

QUESTION OF PERSONAL PRIVILEGE.

Senator Cartwright arose to a question of personal privilege, and spoke as follows:

MR. PRESIDENT: I rise to a question of personal privilege. I notice in the morning papers that I am quoted as referring to Mr. Drew, Assemblyman from Fresno, in very uncomplimentary terms. I desire to say that I do not claim to have been misquoted, but that in the debate it became necessary to refer to the course pursued by Mr. Drew after the passage of the County Division Bill two years ago. Senator Miller had charged Mr. Drew with acting in bad faith and had saddled the responsibility for Mr. Drew's course upon the people of Fresno County. I defended the people of Fresno County and showed that Mr. Drew's course was followed by him in opposition to the earnest protest of the Bar Association, the Chamber of Commerce, and the good people of Fresno. In doing this I did not intend to reflect upon the integrity of Mr. Drew nor to charge him with intentional bad faith, but in the heat of impromptu debate I misstated my own position to that extent. Mr. Drew and I differ politically and frequently differ upon other matters, but we have always been personal friends, and I trust that our friendship may continue. I still believe that his course two years ago was improper, but I do not question the honesty of his motives. I think it was a case of mistaken zeal in the defense of Fresno County.

Senator Stetson was, on motion of Senator Miller, granted leave of absence for this day.

SUBSTITUTE FOR SENATE CONSTITUTIONAL AMENDMENT NO. 48.

A resolution to propose to the people of the State of California an amendment to the Constitution of the State of California by adding to article eleven thereof a new section, to be known as section number twelve and one half, relating to county support for indigent and suffering veteran soldiers, sailors and marines of the Mexican, Indian, Civil or Spanish wars, or Philippine insurrection, together with their indigent families, and providing a county tax of not more than one fifth of a mill therefor.

The Legislature of the State of California, at its regular session, commencing on the fourth day of January, A. D. 1909, two thirds of all the members elected to each of the houses of said Legislature voting in favor thereof, hereby propose that article eleven of the Constitution of the State of California be amended by adding thereto a new section, to be numbered twelve and one half, and to read as follows:

For the relief of indigent and suffering soldiers, sailors and marines who served either in the war with Mexico, Indian wars, war of the Rebellion, war with Spain, or Philippine insurrection, in the service of the United States, and the indigent father, mother, sister, brother, wife and child of any such veteran soldier, sailor or marine, the board of supervisors of any county, or city and county, in which such indigent person may reside, shall provide, and expend, such sum, or sums, of money as may be necessary therefor, to be drawn upon by the commander or quartermaster of the Society of Mexican War Veterans, or of any post of the Grand Army of the Republic, or camp of the United Spanish War Veterans, upon recommendation of the relief committee of such proper society, post or camp, in the county, or city and county, in which such indigent person may reside; and the orders of such commander and quartermaster shall be the proper voucher for the expenditure of said sum, or sums, of money; and provided further, that no such indigent person shall be entitled to any relief herein authorized, unless such indigent person shall have resided in the State of California for at least two years prior to any granting of any relief hereunder, for such indigent person.

If there be no society of Mexican War Veterans, or post of the Grand Army of the Republic, or camp of the United Spanish War Veterans, in any county, or city and county, in which it is necessary and proper that such relief contemplated herein be granted, then the board of supervisors of another county, or city and county, may accept, and pay, the orders drawn, as hereinbefore provided, by the commander and quartermaster of a post or camp, in the county, or city and county, in which the relief may be extended.

If there be no society of Mexican War Veterans, or post of the Grand Army of the Republic, or camp of the United Spanish War Veterans in the county of residence, and which could undertake the relief, of such indigent person therein, as provided herein, then, before any commander or quartermaster shall act hereunder, they, and each of them, shall file with the auditor of the county of residence of such indigent person a notice that such society, post, or camp intends to undertake the relief herein provided for such indigent person. Such notice shall contain the names of the relief committee of such society, post, or camp, in such county, or city and county, and of the officers thereof; and the commander of such society, post or camp shall semiannually thereafter file a similar notice with said auditor, and also a detailed statement of the amount, or amounts, of relief furnished hereunder during the preceding year, with the names of all persons to whom such relief shall have been furnished, together with a brief statement upon each case from the relief committee upon whose recommendation the particular order may have been drawn.

Boards of supervisors may require from any, and all, such commanders and quartermasters undertaking to distribute such relief, a sufficient bond as surety for the faithful and honest discharge of such relief.

Boards of supervisors are hereby prohibited from sending, or committing, any such indigent person to any almshouse or orphanage, without the consent of the commander and relief committee of the respective society, post or camp, having appropriate jurisdiction. Such indigent persons shall, whenever practicable, be provided for, and relieved at, their several homes. Indigent or disabled veterans of the wars herein enumerated, who are not insane, and who have no families or friends with whom they may be domiciled, may be domiciled at any soldiers' home.

It shall be the duty of boards of supervisors to designate some proper authority, other than that designated by law for the care of paupers and the custody of criminals, who shall cause to be interred the body of any honorably discharged soldier, sailor, or marine, who served in the army, navy or marine corps of the United States, during the war with Mexico, any Indian war, the war of the Rebellion, the war with Spain, or the Philippine insurrection, and the father, mother, sister, brother, wife, or child thereof, who shall hereafter die, in said county or city and county, after two years' residence therein, and not having means sufficient to defray necessary funeral expenses for such deceased; *provided*, that the expenses of such funeral shall not exceed the sum of sixty dollars in any case. If the deceased has relatives or friends who desire to conduct the burial, and who are unable to pay the charges thereof, then the said expenses, not to exceed the sum of sixty dollars, shall be paid to them or their representatives, by the county treasurer, upon verified proof of the death and burial of any such person provided for herein, and a verified proof of the expense incurred.

In addition to the taxes now levied by law, boards of supervisors shall levy a tax not greater than one fifth of one mill, upon the taxable property of their respective counties, or cities and counties, to be levied and collected according to law, for the purpose of creating a fund for the relief, and funerals, of such indigent persons.

MESSAGE FROM THE GOVERNOR.

The following message from the Governor was received:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,
SACRAMENTO, March 13, 1909.

To the Honorable Senate of the State of California:

I have the honor to return herewith Senate Bill No. 778—An Act to amend sections four hundred and nine and four hundred and ten of the Political Code of California, relating to the distribution of Statutes, Journals, reports of State officers and commissions, and reports of the Supreme and Appellate Courts, without my approval, for the following reasons:

This is an Act providing the manner of the distribution of reports and other publications. It imposes the duty of making this distribution upon the Secretary of State. No provision has been made, however, by which the Secretary of State may perform this additional work. Much of this distribution is made to public libraries, and further distribution is made for the purpose of receiving exchanges from other states. These exchanges, when received, are placed in our State Library. For these reasons, it seems proper that this distribution should be made by the State Librarian.

A bill to this effect has been introduced in the Legislature, and will undoubtedly be passed at this session.

J. N. GILLET,
Governor of the State of California.

EXPLANATION OF VOTE.

Senator Caminetti asked for, and was granted, permission to explain his vote, as follows:

MR. PRESIDENT: I voted "No" on Senate Bill No. 55 for the following reasons:

The movement for direct legislation under constitutional provision is the one that should be continued until won.

All people who favor the submission of any question of public concern to the voters should join hands to aid, not weaken it, by endeavoring to secure favor for special measures, similar to those the subject of this bill.

Besides, from all past experience, I believe that strict regulation and publicity will do more to correct existing evils attending the sale of liquor, and protect the youth of our State, than any form of prohibition that has ever been tried.

I would gladly vote for such a regulatory measure.

At eight o'clock p. m. the Senate reconvened.

Senator E. I. Wolfe, President pro tem. of the Senate, in the chair.

EXPLANATIONS OF VOTES.

Senators Miller and Boynton asked for, and were granted, permission to explain their votes on Senate Bill No. 55, as follows:

MR. PRESIDENT: We voted for Senate Bill No. 55 because we believe in the principle of allowing the people in any given locality to decide for themselves whether the saloon shall be licensed. We, therefore, voted for the bill to emphasize that principle. We do not, however, favor many provisions of the bill, and particularly in that it is not clear on the question as to the right of the people to make "dry" territory "wet" should a majority so desire. We also believe that the petition should be signed by not less than forty per cent of the electors in the locality to be affected.

Also:

Senator Wright asked for, and was granted, permission to explain his vote on Senate Bill No. 55, as follows:

MR. PRESIDENT: I objected to Senate Bill No. 55 in its original form and declared my opposition to it unless amended to apply to units of townships instead of counties. Senator Estudillo promised to so amend it, but I am of the opinion the amendments would fail of their purpose. I vote "aye," however, because the friends of the bill have promised to amend it in the Assembly, if it pass the Senate, to meet my views.

Relative to the encouragement of the viticultural industry of the State of California.

WHEREAS, The State of California is now becoming preëminently a grape-growing state, where wine can be produced as cheaply, of as fine a quality, and in as large quantities as in any country in the world; and

WHEREAS, There are at the present time over 250,000 acres of land in the State of California devoted to the viticultural industry, representing an investment of over one hundred millions of dollars; and

WHEREAS, A very desirable class of people are coming into this State and taking up the improvement of vast areas of land which have heretofore been non-productive and of little value, planting vineyards on land absolutely unsuited for any other purpose, and hoping to find a market for their grapes, for table consumption, for the making of raisins, and for the manufacture of wines; and

WHEREAS, Some of the people are endeavoring to create in this State a sentiment which if allowed to go unchecked would result in the depreciation of the value of the properties improved aforesaid, and practically wipe out the result of many years of labor and the investment of much money, and work a great injury to the people of the State of California; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly concurring. That we strongly recommend the encouragement of the viticultural industry in this State, and we favor the enactment of legislation, either by the Federal Government or by the State Legislature, or the passage of regulations or ordinances by any of the counties, cities or towns of the State, that would foster this most important industry, which is destined, if properly encouraged and cared for, to be one of the greatest industries of the State.

J. N. GILLET.

Message read, and ordered printed in the Journal.

Also:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA.
SACRAMENTO, March 16, 1909.

To the Honorable Senate of the State of California:

I have the honor to return herewith Senate Bill No. 59—An Act defining the powers, and duties of physicians, local health officers, and boards of health in the matter of the protection of the people of the State of California from the disease known as tuberculosis, providing for requisitions and reports, and making appropriation therefor—without my approval for the following reasons:

This Act requires every physician practicing in this State, and every chief officer in charge of any hospital, dispensing asylum, or other private or public institution, to report to the local health officer the name, age, sex, color, occupation, address, and place where last employed of every person having tuberculosis who comes under his care or observation. It is made the duty of every health officer to make microscopic examinations of sputum sent him as that of a person having symptoms of tuberculosis, and he must make a record of all such examinations, which record is not to be divulged, except as may be necessary to carry into effect the provisions of this Act.

Thus far there is no particular objection to the bill, but it proceeds to more radical measures by providing that in the case of the vacation of any apartments or premises by the death or removal therefrom of a person having tuberculosis, the attending physician, or, in his absence, the owner, lessee, occupant or other person having charge of such apartments must notify the health officer, and such place shall not be occupied until disinfected, cleaned or renovated, as provided by the Act. Other provisions provide that if disinfection be not made within forty-eight hours, a notice shall be placed on the door of the premises to the effect that these apartments have been occupied by a consumptive and must not be occupied until disinfected, etc.

While these provisions are designed for the protection of the public health, they are so drastic that they would have a most deplorable effect if carried out in their entirety. The loss of business, and the inconvenience and loss through disinfection, would cause the closing of all doors against consumptives. These poor unfortunates would be unable to obtain lodgings in any place. They would become outcasts, and shelter would be denied them. Not only would they be excluded from all dwellings, but no person could travel with the assurance of receiving shelter unless he could produce a physician's certificate that he was free from tuberculosis. No landlord would rent apartments without the preliminary requirement of a clean bill of health from his prospective tenant.

J. N. GILLET,
Governor of the State of California.

During second reading of bill, the following substitute was submitted by committee:

COMMITTEE SUBSTITUTE FOR SENATE BILL NO. 1148.

An Act to provide for the formation, government, and control of overflow districts.
The people of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. Whenever one half or more of the voters residing within a proposed district of swamp, overflow, or other lands lying within this State, one third or more of which lands are liable to be flooded by the waters of any stream or lake, and more than half of said lands requiring irrigation during a portion of the year, susceptible of one mode of irrigation and reclamation, desire to reclaim and irrigate the same, they may present to the board of supervisors of the county in which the lands or the greater part thereof are situated, at a regular meeting of the board, a petition setting forth that they propose to form an overflow district of the same.

SEC. 2. Such petition must contain a description of the lands by legal subdivisions, or by other boundaries, or by subdivisions shown upon a map recorded in the county or counties in which such lands are situated; the approximate number of acres in the proposed district, and each tract with the names (if known) of the owners thereof, and designate as unsold any lands not reduced to private ownership.

SEC. 3. Said petition must be accompanied by the affidavits of at least three signers thereto, showing that not less than one third of the land is subject to overflow, and that all of the lands described in the petition can either be irrigated or reclaimed, or irrigated and reclaimed, by one mode of irrigation and reclamation.

SEC. 4. Said petition must also be accompanied by a certificate of the county clerk of the proper county, showing that the names of the signers of said petition are on the last great register of the precinct or precincts in which the proposed district is situated.

SEC. 5. Such petition must be published for two weeks next preceding the hearing thereof in some newspaper published in the proposed district, or, if no newspaper is published therein, then in some newspaper having a general circulation in said district, and an affidavit of such publication must be filed with said board of supervisors at or before the hearing of said petition.

SEC. 6. If such board of supervisors find on hearing the petition that its statements are correct, they must make an order approving the same and establishing the district. If it be shown that any land has been improperly included in the proposed district, they must reform the boundaries of such district accordingly in their order. The order of approval must be signed by the chairman, and attested by the clerk of said board, and a copy thereof attached to the petition.

SEC. 7. After the approval of the petition by the board of supervisors of the county in which the greater part of the district is situated, the order establishing the district, or a certified copy thereof, must be recorded in the office of the county recorder of each county in which any portion of the lands embraced in the district are situated, in a book kept for the purpose of recording papers relative to overflow districts, and a certified copy thereof forwarded to the Register of the State Land Office by the recorder of the county in which the district was formed.

SEC. 8. Said board of supervisors of said county must thereafter, upon the application of ten or more qualified voters of the district, appoint three eligible freeholders to act as trustees until their successors are elected and qualified.

SEC. 9. When a district is situated in more than one county, the trustees must forward a certified copy of the order of the board of supervisors establishing the district to the clerk of the board of supervisors of the counties in which any portion of the district may lie, and the board to which the same is forwarded must not allow another district to be formed within such district, or including any part thereof.

SEC. 10. All districts organized under this Act must have a State number, and the Register upon receipt of a certified copy of the order of the board of supervisors establishing the district must number the same, and send the number to the county recorder of any county in which the district or a portion thereof is situated, and such recorder must number the records of said district in like manner, and the district must thereafter be known and designated thereby.

SEC. 11. The board of supervisors of the county in which the district was formed must call an election to be held in the district on the second Tuesday after the first Monday in November of the even-numbered years, at which election must be elected three freeholders who are resident voters in said district, and who shall constitute when elected and qualified the board of trustees of the district.

SEC. 12. Notice of such election must be published for at least thirty days prior thereto in a newspaper published in the district, if any newspaper is published therein, and if not, then in some newspaper having a general circulation in the district.

SEC. 13. The supervisors of each county in which said district is wholly or partially situated shall form at least one voting precinct in such district, and appoint an election board, and otherwise provide for such election in the precinct or precincts so formed.

SEC. 14. If the persons appointed on such election board, or any of them, fail to attend at the time and place for election, the voters present at the time and place of opening the polls may appoint the board, or supply the place of any absent member thereof.

SEC. 15. Each member of the board must, before entering upon his duties, be sworn to a faithful performance thereof by some officer authorized to administer oaths, or by any qualified elector.

SEC. 16. The board of trustees must canvass the votes, and issue certificates of election to the persons elected, and must place the ballot when canvassed in an envelope, and forward the same to the clerk of the board of supervisors of the county in which the district was formed.

SEC. 17. Any legally qualified voter may challenge any vote, and the board of election may determine, by oath of the parties or otherwise, as they may think proper, whether or not the person challenged is entitled to vote, and in case of challenge either one of the board of election is hereby authorized to administer the oath.

SEC. 18. The polls shall be opened and closed as provided by law for general elections; and the provisions of the general election laws of this State are applicable to elections provided for in this Act, when no different provisions is contained herein.

SEC. 19. The trustees shall hold office for four years succeeding their election, except the first board elected under the provisions of this Act, shall after election, choose by lot two of their number to hold office for a term of two years, and one for a term of four years, or until their successors are elected and qualified.

SEC. 20. In case of a vacancy in the board of trustees, the supervisors of the county in which the district was formed shall, by appointment, fill any vacancy until the next regular election.

SEC. 21. Before entering upon their duties the trustees must take and subscribe to an oath that they will obey the Constitution of the United States, of the State of California, and the laws and statutes thereof, and will faithfully and diligently discharge the duties of their office according to law.

SEC. 22. The trustees of any district organized under this Act shall give a bond of two thousand five hundred dollars each for the faithful performance of their duties, which bond must be approved by a judge of the superior court of the county in which the district was formed.

SEC. 23. The board of trustees must keep an office at some convenient place in the district for the transaction of the business of the district, in which must be kept the books, maps, papers, records, contracts, and all other documents pertaining to the affairs of the district; they shall also keep a record and books of account of all expenditures and disbursements, and minutes of the meetings of the board, and such books, records and maps shall be open for inspection by all persons interested, at all reasonable times.

SEC. 24. The trustees must upon the request of the board of supervisors of any county in which the district or any part thereof is situated, forward to said board copies of any papers in their possession belonging to said district, and any other information they may require, pertaining to the business and affairs of the district.

SEC. 25. The trustees must adopt by-laws for the government and control of the affairs of the district, not otherwise provided by law. The by-laws thus adopted must be approved by the supervisors of the county or counties in which the district is situated, and thereafter filed for record with the county recorder of said county or counties in the book kept by him for the purpose of recording instruments and writings relative to overflow districts.

SEC. 26. The by-laws may be amended from time to time in the same manner as the original by-laws were adopted.

SEC. 27. After the by-laws are recorded the district shall be deemed organized for all purposes, and may then sue and be sued in the courts of competent jurisdiction.

SEC. 28. The board of trustees shall elect one of their number president thereof; they shall have power to employ an attorney, engineer, clerk, and such other employees as may be necessary for the transaction of business and the reclamation and irrigation of the lands of the district; to modify or change such original plan or plans, adopt new and supplemental or additional plans.

SEC. 29. Said board shall have power to acquire by purchase or otherwise necessary lands, right of way, and the right to take material for the construction of all works necessary to reclaim and irrigate the lands of the district, including drains, canals, sluices, bulkheads, water gates, levees, pipe lines, pumping plants, culverts, embankments, and all other things necessary to construct, maintain, and keep in repair all works, requisite and necessary to that end; and do all other acts and things necessary and required to properly reclaim and irrigate the lands embraced in the district.

SEC. 30. Whenever in their judgment it becomes necessary, the trustees may in the name of the district, or the president thereof, acting in their behalf, proceed under the provisions of title seven, part three, of the Code of Civil Procedure, for the condemnation of any lands or material needed by the district for right of way or for other purposes pertaining to the construction, maintenance, or repair of the works of the district, whether said land or material is outside of or within the limits of the district, and the title of said lands and material, whether acquired by condemnation or otherwise, shall become vested in the district.

SEC. 31. All work necessary for the irrigation and reclamation of the lands of the district must be executed under the direction of, and in the manner prescribed by, the board of trustees.

SEC. 32. Whenever the trustees find that the surveys of the lands within the district, made by the authority of the United States Land Office, are incomplete or inaccurate, they shall cause their engineer to survey and map the boundaries of the district, and all property lines embraced therein; and after said map has been approved by the supervisors, and the county surveyor of the county or counties in which said district is situated, it shall be recorded in the office of the county recorder, in the map book of said county or counties, and shall thereafter for all purposes provided by law become the official map of said district, and the lands embraced therein, subject to amendment or change, in the same manner as the original map was prepared and adopted.

SEC. 33. The trustees may by provision of the by-laws allow the water supplied by the district to be used for domestic, power, irrigation, and other purposes; and they shall adopt rules and charges for the use and distribution of the same, which shall become effective when approved by the board of supervisors of the county or counties in which the district is situated.

SEC. 34. The trustees shall draw all warrants upon the funds of the district, either in money or bonds; after the warrants are approved by the supervisors of the county in which the district was formed they are to be presented to the treasurer of said county, and if not paid upon presentation such endorsement must be made thereon, and they must be registered and bear interest from the date of presentation; but no warrant shall be an indebtedness against the district until it has been approved by the board of supervisors of said county.

SEC. 35. The trustees must at the end of each month pay all money received by them for the district, from the sale of water, material, or from other sources into the treasury of the county in which the district was formed, and the treasurer must receipt for the same, and place such money to the credit of the district.

SEC. 36. The several members of the board of trustees of overflowed districts shall each be entitled to receive, for legal and necessary services performed, and for expenses incurred by them respectively for and in the interest of the district, such compensation as the board shall determine to be just and reasonable for which warrants of the district may be drawn, and paid in the same manner, and out of the same funds as other warrants of the district, after they have been approved by the board of supervisors of the county in which the district was formed.

SEC. 37. The board of trustees must report to the board of supervisors of the county or counties in which the district is situated such original plan or plans of the work; and every new, supplemental, or additional plan, if any, together with the estimates of the cost of the work necessary, for the reclamation and irrigation of the lands in the district, in pursuance of such plan or plans, together with the estimates of the incidental expenses, supervision, repairs, and cost of collections, and such other expenses necessary to the construction and maintenance of said work.

SEC. 38. The purchaser of any tract of land which may be unsold in any overflow district at the time said district was formed takes the same, subject to all the provisions of such by-laws and charges assessed in pursuance thereof.

SEC. 39. Such purchaser has all the rights and privileges enjoyed by original petitioners, if he pays into the county treasury of the county in which the district was formed, to the credit of said district, twenty per cent of the principal, one year's interest on the remaining eighty per cent, and any charges assessed against the lands so purchased and remaining unpaid; and each year thereafter shall continue to pay twenty per cent of the principal, and interest on the remainder until the whole of said assessment or charges have been paid.

SEC. 40. From the time the purchaser has acquired said land designated upon the petition as unsold, the district shall have a lien upon said land for the amount of the unpaid assessments, which lien, together with the costs, may be collected by the trustees of the district, in a suit to be brought in the name of the district by said trustees at any time after said purchaser has defaulted in any of the payments provided for in Section 39 of this Act.

SEC. 41. Whenever the supervisors of any county in which any overflow district has been formed under the provisions of this Act certify to the Register of the State Land Office that the works of irrigation and reclamation are in progress, in conformity with the requirements and plans heretofore provided, the payment of interest by purchasers in such district is hereby suspended; but if the works are not completed and accepted within five years of the date of filing the petition, the interest for the whole time must be charged and collected by the Register.

SEC. 42. Whenever the trustees certify under oath to the board of supervisors of the county in which the district was formed, and show to their satisfaction that the works of reclamation and irrigation are completed, or that two dollars in money per acre has been expended on said works of reclamation and irrigation, the board of supervisors must certify such fact to the Register.

SEC. 43. The Register must thereupon forward to the county clerk of the county in which said district or any part thereof is situated a statement showing the names of purchasers of the lands in the district who have paid in full therefor; and thereafter the purchase money shall be refunded to the purchaser upon the order of the trustees of the district, approved by the supervisors of the county in which the land is situated, in the same manner as provided by law for the reclamation of swamp and overflow lands.

SEC. 44. The revenue of overflow districts formed under this Act, other than that received from the sale of water, franchises, power, and from other sources by the trustees of the district, and approved by the board of supervisors of the county in which the district was formed, must be derived from a tax levied upon the taxable property of the district, as shown by the last assessment roll of the county or counties in which the district, or a part thereof, is situated.

SEC. 45. The board of trustees of overflow districts formed under this Act must, on the first Monday in June of each year, certify to the clerk of the board of supervisors of the county or counties in which the district or any part thereof is situated an estimate of the expenditures necessary to conduct the business, and execute the work of the district, also the amount of interest and principal of any bonded or other indebtedness, that will become due during the ensuing year.

SEC. 46. The assessor of each county in which the district is wholly or partially situated shall each year, after the county assessments have been equalized by the State Board of Equalization, and prior to the time when the board of supervisors of the counties meet to levy the taxes for county purposes, certify to the board of supervisors of said county or counties a statement of the equalized value of all taxable property within the district and situated in the county in which he is the assessor; thereupon, the board of supervisors of the county or counties in which any portion of said district is situated shall, at the time of levying taxes for county purposes, levy a tax upon the property of such district situated in said county or counties sufficient to meet the requirements of said district, and to pay the interest which

may become due on any bonds, or other indebtedness, of such district during such year, and if any portion of the principal of said bonds, or other indebtedness, shall become due during the year an amount sufficient to pay such portion of such principal, and such other charges against such district, necessary to maintain and construct the works and conduct its business, less the amount estimated by the trustees to be derived from the sale of water, or other sources under their control during said year; the tax must be levied upon the property of the district situated in such county or counties by the board of supervisors of each county according to the ratio which the assessed valuation of the property of said district situated in such county bears to the total valuation of the property of the district.

SEC. 47. All taxes so levied must be computed and entered upon the assessment roll of the county where such property may be situated by the county auditor, and collected by the tax collector, at the same time and in the same manner as State and county taxes, and when collected shall be paid into the county treasury for the use of such district.

SEC. 48. When any tax has been collected under the provisions of this Act, and placed in the treasury of any county other than the one in which the district was formed, the treasurer of said county must, within thirty days after receipt of the same, forward all money in such treasury belonging to the district to the county treasurer of the county in which the district was formed, who shall receive and receipt for the same, and place such money in the treasury of such county to the credit of said district.

SEC. 49. No assessor, tax collector, treasurer, or clerk shall receive any fee for any services required to be performed by them under the provisions of this Act. All expenses necessarily incurred in carrying out the provisions of this Act shall be paid to the board of supervisors of the county incurring the expense, for the benefit of said county, by warrants of the district, in the same manner as other expenses of said district.

SEC. 50. If the owners of lands representing more than two thirds of any body of lands within any overflow district formed under this Act, in which such lands have not been reclaimed or irrigated, and for which the trustees have made no provision for such reclamation and irrigation, desire to have such body of lands set over from said district, they must, in addition to the petition required for that purpose, show to the board of supervisors in which the district is formed that said body of lands is capable of an independent mode of reclamation and irrigation, and that said body of lands could not be reclaimed and irrigated according to the plans and specifications adopted by the board of trustees of the district, and that such segregation would not endanger or delay, or otherwise interfere with the work of irrigating and reclaiming the remainder of the district.

SEC. 51. Whenever, in the opinion of the board of trustees of any overflow district formed under this Act, the cost of reclamation and irrigation according to the plans thereof will be too great to be raised by taxes as provided in this Act, to be paid within one year, the board of trustees of such district shall, for the purpose of voting the necessary bonded indebtedness therefor, order a special election to be held in said district at some time and some place or places designated by them.

SEC. 52. At such special election, there shall be submitted to the voters of said district the question of whether or not the bonds of said district shall be issued in an amount necessary to construct said works of reclamation and irrigation, and which amount shall be estimated by said board of trustees and stated in the order for such special election.

SEC. 53. Said election shall be called by the supervisors of the county in which the district was formed, upon petition signed by at least two members of the board of trustees, and said election shall conform to the provisions of this Act, relative to election, and to the election laws of the State of California, and the question whether or not bonds of said district shall be issued in the amount named in the estimate and order of the board of trustees for reclaiming and irrigating the lands of said district shall be submitted to the voters thereof.

SEC. 54. The notice of such special election shall specify the time and place or places of holding such election, the amount of bonds proposed to be issued, the names of the persons to act as the board or boards of election, and the ballot shall contain the words, "Bonds—Yes" and "Bonds—No."

SEC. 55. If a majority of the votes cast at such election are in favor of the bonds, the board of trustees of the district shall cause bonds in the amount stated in the order for election to be issued and placed in the custody of the treasurer of the county in which the district was formed.

SEC. 56. The treasurer of said county shall place the bonds issued pursuant to this Act to the credit of said district, and may at any time upon the order of the board of supervisors of said county sell any of said bonds for best price obtainable therefor, but in no event for less than the face value of said bonds and the accrued interest thereon. Any money derived from the sale of such bonds by such county treasurer shall be placed in the treasury to the credit of said district, and a proper record of such transaction be placed upon the books of such treasurer.

SEC. 57. Said bonds shall be of a denomination of not less than one hundred dollars, and not more than one thousand dollars each, shall be negotiable in form, signed by the board of trustees, and the chairman of the board of supervisors of

the county in which the district was formed, and attested by the clerk of said board of supervisors, and the seal of such board of supervisors, and shall be numbered consecutively as issued, and bear date at the time of their issue, and shall express on their face that they were issued by authority of this Act, stating the title and date of approval, and the date of election at which such issuance was authorized.

Sec. 58. The bonds shall bear interest at a rate not to exceed six per cent per annum, payable semiannually on the first day of January and the first day of July in each year, at the office of the county treasurer of the county in which the district was formed, or some other place allowed by law, and approved by the supervisors of said county, and the judge or judges of the superior court thereof, upon presentation of the proper coupons therefor.

Sec. 59. Coupons for such installment and interest shall be attached to said bonds, and shall be numbered, signed, and attested in the same manner as the bonds.

Sec. 60. The principal of said bonds shall be paid as follows, to wit, five per cent of the whole amount of the bonds issued, according to their consecutive numbers, shall be paid ten years from their date of issue, at the place provided for their payment, and five per cent thereof each succeeding year thereafter, until all are paid.

Sec. 61. When said bonds are issued in accordance with the provisions of this Act they shall be deemed municipal bonds, for all purposes mentioned in the codes and statutes of this State. The principal and interest of said bonds shall be paid by revenue derived from a tax levied upon the assessable property of the district, in accordance with the provisions of this Act.

Sec. 62. If any bond shall not be presented for payment when it becomes due, it shall cease to draw interest; but if presented at such time and not paid for the want of funds, the county treasurer shall so endorse it, and thereafter such bonds shall draw interest until paid at the date specified therein.

Sec. 63. The board of trustees of said district may draw orders upon the county treasurer of the county in which the district was formed, payable in bonds or money in proportion to the amount thereof, to pay for labor and services performed, for materials or property furnished to said district, for the purpose of constructing, repairing, and maintaining the reclamation and irrigation works thereof, and the contingent expense of said district, which order shall be approved by the board of supervisors of said county, and thereafter paid by said treasurer, in the manner therein provided for, if such bonds then remaining in the treasury to the credit of the district be sufficient to pay the same.
